

Behavior Improvement Essays

Due to your behavior in this class, you have been assigned a 1 page essay to complete and present to the class. Failure to complete this essay will result in an assigned detention with Mrs. Jefferson. If I do not show up for detention, I understand that none of my assignments will be graded until I show up for up to one week. At the end of this time I will receive an office referral. My essay should answer the following questions:

- What I did wrong?
- Why did I behave this way?
- What are some steps I can take to improve on my behavior?
- Why good behavior in school and in all classes is important?
- A formal apology to teacher name and my peers
